WORLD BANKNOTE LISTING – INCLUDING POLYMER

PO Box 182, Cammeray, NSW, 2062, AUSTRALIA.

Phone / Fax: ++ 61-2-9438-5040

E-mail: < trevorsnotes@bigpond.com >

Trevor Wilkin has a comprehensive listing of polymer and other plastic note issues. He also has an extensive range of world notes. This list covers both these areas commencing with the more specialist polymer (and other plastic issues) and then general world.

His General List covers a broad cross section. The Polymer section is extensive covering all issues arising from NPA polymer technology (but not including all Australian date varieties). There are now 19 countries issuing polymer notes with almost 50 distinct issues and well over 80 with all Australian varieties. Other plastic such as the ABNC tyvek issues of the early 1980's sell very quickly and are always wanted.

Hong Kong and Philippines Specialist Lists are available on request as is details of other (some key) notes in stock. If there is nothing in this list which suits, please feel free to contact me indicating your areas of interest or "wants". Want lists and standing orders are serviced and a "market watch" is conducted on developments in polymer notes.

Two momentous events impacting significantly upon collectors will occur in 2002. On January 3, 12 European countries (refer list) will replace their currencies to adopt the standardised **Euro**. In recent years this has created increased interest in the current and past issues of those countries and this is expected to accelerate. Of course the Euro will be collected as well as collectors attempt to identify differences in the supposedly uniform issues of the twelve. The 50th anniversary of the death of **King George VI** and the accession of **Queen Elizabeth II** to the throne in February has stimulated interest in their already popular portrait issues. Many countries are expected to issue QEII commemoratives in 2002 and in 2003, the 50th anniversary of the Queen's coronation.

All prices are in Australian Dollars although payment in other currencies is acceptable by arrangement. Payment may be made by cash, Bankers Draft, Bankcard, MasterCard or Visa. As a guide, the Australian dollar is now equivalent to about US 51 cents or Sterling 36 pence. Transactions will however be effected at the rate on the day. Registered postage is AUD10 international and \$3 local; postage on folder items will be actual cost. Because of bank charges and clearance delays, only personal cheques drawn on Australian domiciled accounts are accepted

Selection of black & white Roses stereoscopic cards showing Federation Day, 1901 scenes in central Sydney. Included are American Arch, German Arch, Ceres Arch, Coal Arch, Wool Arch plus procession and crowd scenes. Go well with the federation \$5. Set of 7 \$175.00; or \$30.00 each. Slight edge damage to Ceres and Wool (these \$25.00 each).					
#Australia : these are the last prefixes for the Macfarlane – Evans signature combination. There were no notes issued for general circulation in 2000 and 2001 and only the \$50 and \$100 denominations in 1999. The last prefix of the 1999 \$50 (PE) was not put aside by Note Printing and is difficult to obtain. It should be a “good note”. Evans retired as Secretary to the Treasury in April 2001 replaced by Ken Henry. With Y2K stockpiling, particularly of the \$50 & \$100, notes it may be some time before Henry signatures appear.
